PO BOX 532  
ANAHOLA HI 96703

Aloha to all of our 'Ohana and Friends of Anahola and Kaua'i,

The time for action and joining of hands together has come. No more division of community members, no more hidden agendas, no more unwanted and unapproved "illegal" development to suit the needs of the few over the needs of the community. So I accept the challenge of stewarding the conception and implementation of the First of its Kind in the State, 21<sup>st</sup> Century Ahupua'a, "ANAHOLA"!

I humbly ask for your support in joining this movement with us, in good faith and the goal of bringing back what once was.

We must get back on the true track that our Kupuna and Ancestors put in place through traditional Hawaiian sustainable practices of the "Ahupua'a System", and take the tools of today (technology) and infusing all to deliver nothing but the best "Green Way" to Steward this Huaka'i

Water is the Foundation, the Key building block of "Life". We must fight for the right to our most "Vital" resource; therefore I have committed to fight the "Pono" fight with your help. I commit to true transparency, and a real process towards the right decisions that will have to be made in this challenge of Building the 21<sup>st</sup> Century Ahupua'a through once a month community meetings. How do we this?

- Direct community involvement (through think talk sessions of Hawaiian Minds)
- Identify the problems at the source, and amass the finances and expertise to deliver the water back to Anahola!
- Acquire the financial partners to develop independent of the KIUC grid. The power and distribution of not only electric but irrigation, and potable water, therefore giving DHHL the opportunity to begin the process of placing our people back on the land.
- Spawn Commerce by creating successful co-ops, (Ag, Farming, Aquaculture, ect.) then being able to give entrepreneurial opportunities to our people, thus developing careers, here at home.
- Complete a comprehensive integration of education through Hawaiian Values, and training right through apprentice programs, not to exclude mentoring of programs directly relevant to all aspects of this process of growing Hawaiians.
- Build social programs in this community to assist in giving a better quality of life to all in our Ahupua'a, and be a shining example to the whole State and the World.
- Direct community involvement, partnerships, education; commerce, workforce, and entrepreneurial development; build-social programs, careers, and always use "True Hawaiian Values".

I believe these are the key guidelines to follow in making this a reality, and I will take this opportunity to Mahalo all for their time and concern in the fight for our right to self-perpetuation. 'Onipa'a Kanaka Maoli.

As this is a "DRAFT," please submit your mana'o to me @ [amakanui@gmail.com](mailto:amakanui@gmail.com), Kimo Rosa @ [kazrosa@gmail.com](mailto:kazrosa@gmail.com), or Auntie Toni @ [kauaikalani@hawaiiantel.net](mailto:kauaikalani@hawaiiantel.net).
